

Technical data sheet Surge arrester Compact

Surge arrester, Type 2+3 to EN 61643-11 (Class C+D to VDE 0675 Parts 6–11)

- Suitable for TN and TT network systems
- Integrated 3+1 solution
- Incl. thermal and dynamic cut-off unit
- With visual function display
- High current conductivity with long lifespan
- Labelled connections
- Separation unit only 45 mm

Application: Industrial, housing and protection of rotary current systems

Type	Maximum continuous voltage V	Version	Pack Units	Weight kg/100 pc.	Art.-No.
