FEATURES**

AC MOTOR

Simple but extremely sophisticated

The ceiling fan has a luxurious and sophisticated dark grey color that will be an impressive highlight for your space with a minimalist design.

Model: F-56XPG

● Dark Grey

Non-LCD Remote Control with 3-speed Selection
1, 3, or 6-hour Off Timer
3 or 6-hour Sleep Timer

Safety Measure Application by Panasonic

Cut-off Safety Switch

A cut-off safety switch is equipped to cease the power supply when dangerous wear and tear of the shaft or bolt are detected. If the abnormal wobbling continues, the lever will detach from the switch and the fan unit will stop. This prevents further wear to the damaged part. It can also minimize parts fracturing to reduce the possibility of the fan unit from falling.

Safety Wire

A special safety wire has been equipped to secure the fan motor to the ceiling hook which prevents it from falling off in the event that the fan motor detaches from the pipe rod.

Thermal Fuse

Before motor overheats, the thermal fuse will be cut-off and the motor will stop.

Voltage Frequency	Power Consumption		Fan Speed (RPM)		Air Velocity m/min	Air Delivery m ³ /min	Noise Level dB	Weight kg
	Low	High	Low	High				
230 V 60 Hz	22 W	74 W	90	170	145	190	49 + 3 dB	6.7
